Sonnet of Colours

Debashish Chattopadhyay

Soulful colours glitter within nature

Seven rainbow-colours of human creature

Find vibration in each chakra-plexus

Vibgyor is in the firmament within us.

Colour-bed is upon the soul-bud

Chakra-piercing rhythm pulsates gently

Elevation of mind like a Phoenix bird

From red to violet, journey flows gradually.

The blue meets infinity in the Third-Eye

Sad-colour poet wears potential dye

Ecstasy is seen outside and felt inside

Colours being the ebb & tide, death & life.

Nature never betrayed the loving heart,

Where two natures combined into rhythmic canvas.
