Stopping by Woods?

Debashish Chattopadhyay

Are you thinking of a snowy evening?

Better think about sunny morning

The 'woods' will no longer appear as 'woods'

Subtle frequency will be heard in

The inner mechanism of livelihood

They are not woods!

What if I call you a skeleton?

And praise your snowy beauty?

Your intellect will take care of

One of the 'Seven Deadly Sins' and

You become the most intellectual species!

Any difference between woods and forest?

The same as a skeleton and a body

The death in life and the life in death.

They are not 'woods'!
